## Product Warranty

Flanders Filters, Inc. warrants that the equipment manufactured and furnished by Flanders is free from fault in design, workmanship and material and is fit for the purpose for which they were purchased. Should any defects in the design, workmanship, material or operating functions develop during the first year after purchase, Flanders agrees to the best of its ability to make reasonable alterations to correct the defect. Flanders requires written notification of any defect which is alleged to exist. Flanders shall have the right to inspect its product to verify the alleged defect and utilization of the product.

This warranty does not apply to those products which, in our judgment, have not been correctly certified upon installation or which may have been altered, repaired, installed in a faulty manner by others, or subjected to misuse, negligence, accident, harmful environmental exposure, or operational conditions outside of the limits of design or otherwise misapplied.

This warranty is given in lieu of all other warranties. There is no other implied or express warranty of merchantability or fitness for a particular purpose. Flanders shall not be liable for incidental or consequential damages, whether the theory be breach of this, or any other warranty, negligence or strict tort.

## Liability Statement

Except as specified in the foregoing paragraph entitled "Product Warranty", the Company shall have no obligation or liability whatsoever to the purchaser, including, without limitation, any claims for consequential damages or labor costs, by reason of any breach of the expressed warranty described therein. The purchaser further hereby agrees to indemnify and hold the Company harmless from and against all losses, damages, obligations, liabilities, suits and causes of action (other than the cost of replacing or repairing the defective product as specified in the foregoing paragraph entitled "Product Warranty") arising directly or indirectly from the acts, omissions, or negligence of the purchaser in connection with or arising out of the testing, use, operation, replacement or repair of any product described in this quotation and sold or furnished by the Company to the purchaser.
