### Warranty Registration

The information you provide on the registration form will be saved in the Mirka machine customer register. This information will be used for customer services, marketing communications and technical support. Mirka will not release or publicize your registration details for any purpose whatsoever. Mirka reserves the right to contact the customer either directly or via a company acting as a distributor for Mirka, for example, to solve any problems with the equipment, for advance notice regarding technical issues, and to announce product updates. Registration gives KWH Mirka Ltd. the right to store and use registration details.
