

Premium Warranty

Warranty Terms for SATA Premium Warranty:

You will be granted for SATA paint spray guns, filters or air fed respirators a prolonged warranty period free of charge (1 year + 2 years = 3 years), provided you return to us within 30 days after purchasing date the duly filled Premium Warranty Form or effects the Premium Warranty Registration via Internet.

SATA guarantees that the equipment supplied is free from material and production defaults. The Premium Warranty is valid under the condition that the equipment is used and handled correctly in accordance with the SATA operating instructions. The Premium Warranty covers the expenses for repair and free of charge replacement of defective parts featuring material or production defaults; further claims are excluded as far as there is no legally compulsory liability.

The Premium Warranty does not cover wear-and-tear parts in particular (e.g. nozzle sets, filters, packings, diaphragms, springs), normal wear, electronic components and overstressing. Performance of warranty acts does neither cause a prolongation of the warranty period, nor does it initiate a new warranty period. Claims may only be recognized in case the equipment is sent carriage paid, assembled and in its original state, to the supplier or the SATA Importer, along with copies of the Premium Warranty inscription or email confirmation as well as the proof of purchase.
